WHAT THEY SAY ABOUT SCOTT LACKEY

It's hard to find people that boldly demonstrate Activation. Scott has a knack for using Faith, Wonder, and Action to illustrate what is possible.

The first time I heard Scott speak, it only took minutes before I knew he was going to bring a powerful story. It was intense listening to him speak so directly and authentically. I will never forget his story waking up one morning empty, like his soul was just an unending void and what happened next. As I listened, I could feel everything he was saying and it was transformative to my life.
